

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: February 20, 1996

SUBJECT: **HB 2378 - SB 2641**

This bill, if enacted, will provide that after two convictions of DUI, a BAC level of .05% will create a presumption that a person is intoxicated.

The fiscal impact from enactment of this bill is estimated to be an increase in local government revenues due to additional fines received as the result of additional convictions. The fiscal impact is also estimated to increase local government* expenditures from increased incarceration. However, an estimate of such increased revenues and expenditures cannot be determined but is estimated to be not significant.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director
